COLOR BOMBS

HOW TO USE:

Pour 1/2 your clear sealer into a second pail. Shake the Color Bomb well, then pour the contents into one of the pails containing 1/2 of the sealer. Stir the Color Bomb and sealer together until the color becomes uniform in the sealer. Next, add the other 1/2 pail of sealer into the pail of colored sealer. Continue to mix until all 5 gallons of sealer is uniform in color. The product is now ready to apply.

Follow sealer instructions for dry times and coverage.

Note: Do not use an electric drill mixer on sealer containing any flammable materials, such as acetone or xylene. A small test area is recommended.

PRECAUTIONARY STATEMENT:

Wash hands thoroughly after handling. Do not eat, drink or smoke when using this product. Dispose of contents/container according to local, state and federal regulations.

FIRST AID:

INHALATION: Remove to fresh air immediately. If breathing difficulties continue, Get Medical Help.

SKIN CONTACT: Wash with soap and water and rinse thoroughly. Apply a good skin lotion to remove remainder of color. Remove and launder contaminated clothing before reuse.

EYE CONTACT: Flush thoroughly with water, lifting both eyelids. Get Medical Help.

INGESTION: Rinse mouth with water. GET IMMEDIATE MEDICAL HELP. Never give anything by mouth to an unconscious person.

IN CASE OF FIRE:

This product is non-flammable.
