

# NCP- GLO Floor Wax

NATIONAL CONCRETE PRODUCTS

## WATER BASED ACRYLIC POLISH LEAVES A SMOOTH GLOSSY FINISH

***NCP GLO IS A DETERGENT RESISTANT WATER BASED ACRYLIC FLOOR POLISH. NCP GLO MAY BE USED ON ALL TYPES OF SEALED CONCRETE FLOORS AS WELL AS SEALED WOOD AND COMPOSITION FLOORS.***

### PRODUCT HIGHLIGHTS

- NCP- GLO Floor Wax produces a beautiful, high gloss, wet look shine upon drying, without buffing.
- **Highly detergent resistant:** not harmed by repeated scrubbing with a neutral detergent, or damp mopping between buffings.
- **Restore worn areas by re-coating:** Just damp mop, apply and let dry. Spray Buffing will blend in the re-coated area.
- **Highly slip resistant:** meets the ASTM D-2407 requirement for slip resistance.
- **Economical:** One gallon covers over 1200 sq. ft. per coat, and lasts for months without re-coating.
- Simple Spray Buffing maintenance keeps the clean, bright polished look for months, and the acrylic polymers do not ever yellow. Remove old polish thoroughly by scrubbing with NCP Coating Stripper. Rinse floor well and let dry completely.

### USES

NCP- GLO Floor Wax is used to maintain floors in a brilliant polished condition with minimal labor. All types of sealed concrete floors as well as sealed wood and composition floors will improve their appearance and decrease maintenance costs.

### QUICK LOOK:

**Type :** Super acrylic floor polish

**Toxicity:** Harmful if swallowed

**VOC's:** None

**Flammability:** Non-flammable

**Composition:** Acrylic polymer emulsion, ethylene copolymers, proprietary additives and quality control agents

**Color:** Colorless, non-yellowing

**Odor:** Very mild

**Coverage:** 1000 Sq. Ft. per gallon

*\*Coverage rates may vary depending on porosity, texture, application method and prior sealer application. Excess buildup should be avoided.*
